

Statement of Work

LIGHTHOUSE MACRO, LLC × SENDA DIGITAL ASSETS

SOW No. [SOW-2026-001]

Effective Date [_____]

Engagement [Option A / B / C]

Target Delivery [_____]

1. PARTIES

This Statement of Work ("SOW") is entered into between Lighthouse Macro, LLC, a Delaware limited liability company ("Lighthouse"), and Senda Digital Assets ("Client"), effective as of the date set forth above. This SOW incorporates the terms set forth herein and governs the engagement described below.

2. SCOPE OF SERVICES

Lighthouse will deliver the research work described below under one of three engagement structures, as selected by Client and confirmed by countersignature of this SOW.

- Option A.** Single protocol deep-dive. One report, Client-selected protocol. Fee: VVV (greenfield) \$12,500 or SKY (refresh) \$8,500 at founding-client rates. List rates \$14,000 and \$10,000 respectively.
- Option B.** Two-report bundle covering SKY (refresh) and VVV (greenfield). Fee: \$18,500 at founding-client rate. List rate \$22,000. Reports may run sequentially or in parallel at Client's option.
- Option C.** Quarterly research partnership retainer. Fee: \$9,000 per month at founding-client rate (list rate \$12,000). Billed monthly in advance. Initial term: three months, auto-renewing unless terminated per Section 9.

Each deep-dive report, whether delivered under Option A, B, or C, applies the Lighthouse Macro 19-point scoring framework across fundamental, technical, and microstructure layers, and produces a composite conviction score, regime-adjusted position size, dual-stop risk parameters (technical and thesis), staged entry protocol, first profit target, and explicit invalidation criteria.

3. DELIVERABLES

- Primary report delivered as PDF. Page count typically 12 to 18 pages, inclusive of charts, tables, and citations.
- Supporting data file (Excel or CSV) containing framework scoring, position sizing calculations, and referenced data series where applicable.
- 30-minute debrief call per report, scheduled within 10 business days of delivery.
- 30-day post-delivery follow-up window via Telegram or email for clarifying questions related to the delivered report.
- Under Option C only: weekly 45-minute call, live CLI and Diagnostic Dozen reads, on-demand research queries capped at 8 hours per calendar month, and priority access during market dislocations.

4. TIMELINE

Unless otherwise agreed in writing, delivery windows run from the date of Client's initial payment per Section 5. Indicative timelines:

- VVV greenfield report: approximately 2 to 3 weeks from kickoff.
- SKY refresh report: approximately 1 to 2 weeks from kickoff.
- Bundle (Option B): reports may overlap. Total delivery window approximately 3 to 4 weeks.
- Retainer (Option C): quarterly deep-dive delivered within each 90-day cycle. Weekly call cadence begins on engagement start date.

5. FEES AND PAYMENT TERMS

- Currency.** All fees are quoted and payable in United States Dollars (USD). Crypto-denominated payment is not accepted under this SOW.
- Project work.** For Options A and B, 50% of the fee is due upon engagement kickoff and 50% is due upon delivery of the final report. Net 15 payment terms apply to both invoices.
- Retainer.** For Option C, monthly fees are billed in advance on the first business day of each month and are due Net 30.

Method. Payment by ACH, domestic wire, or check, payable to Lighthouse Macro, LLC. Wire instructions provided on invoice.

Late payment. Invoices outstanding more than 30 days past due accrue interest at 1% per month or the maximum permitted by law, whichever is lower. Lighthouse reserves the right to suspend work on past-due accounts.

6. REVISIONS AND SCOPE CHANGES

One substantive revision round per report is included at no additional charge. Revisions must be requested in writing within 10 business days of delivery and are scoped to methodology, data accuracy, or interpretation, not expansion of the original engagement. Additional revisions or scope expansion will be quoted separately and require a written amendment to this SOW.

7. INTELLECTUAL PROPERTY AND LICENSE

Lighthouse retains all right, title, and interest in and to the Lighthouse Macro methodology, frameworks, proprietary indicators (including but not limited to the Diagnostic Dozen, MRI, CLI, LFI, LCI, and 19-point scoring framework), underlying code, databases, and any templates or working files used in the preparation of deliverables under this SOW.

Upon receipt of full payment for a given deliverable, Lighthouse grants Client a perpetual, non-transferable, non-exclusive license to use the delivered report and supporting data file for Client's internal investment decision-making. Client may not resell, republish, or redistribute the deliverables, in whole or in part, without Lighthouse's prior written consent. Internal sharing among Client's investment team, compliance staff, and directly engaged advisors is permitted.

8. EDITORIAL INDEPENDENCE AND DISCLOSURES

Lighthouse maintains full editorial independence over methodology, data selection, conclusions, and position recommendations contained in each deliverable. Client may request revisions to clarity or factual accuracy but may not direct Lighthouse to alter analytical conclusions.

Deliverables under this SOW constitute research and analysis only. They do not constitute investment advice, a solicitation to buy or sell any security or digital asset, or the creation of a fiduciary relationship between Lighthouse and Client. Client is solely responsible for its own investment decisions.

Lighthouse will disclose in writing, prior to delivery of any report, whether Lighthouse or its principal holds a position in any digital asset or protocol that is the subject of the deliverable, including the direction and approximate size of such position.

9. TERM AND TERMINATION

This SOW commences on the Effective Date and remains in effect until the deliverables described in Section 2 have been completed and paid in full, or, in the case of Option C, until terminated by either party upon 30 days written notice. Termination of a retainer engagement does not require cause.

Upon termination, Client pays for all work completed through the termination date. Lighthouse will deliver any work in progress to Client in its then-current state, provided all outstanding fees are paid.

10. FOUNDING-CLIENT RATE

The fees set forth in Section 2 reflect Lighthouse Macro's founding-client rate, extended to Client in recognition of the pilot engagement period commencing October 2025. Founding-client rates are valid through March 31, 2027. Engagements commenced after that date, or material expansion of scope beyond that described in Section 2, will be priced at Lighthouse's then-current list rates.

11. CONFIDENTIALITY

Each party will treat as confidential any non-public information disclosed by the other party in connection with this SOW, and will use such information solely for purposes of performing under this SOW. This obligation survives termination for a period of three years. Standard exclusions apply for information that is publicly available, independently developed, or required to be disclosed by law.

12. LIMITATION OF LIABILITY

Except for breaches of confidentiality or intellectual property obligations, each party's aggregate liability under this SOW is limited to the total fees paid by Client under this SOW in the 12 months preceding the claim. Neither party is liable for indirect, incidental, consequential, or punitive damages.

13. GOVERNING LAW

This SOW is governed by the laws of the State of Delaware, without regard to its conflict of laws provisions. Any dispute arising under this SOW will be resolved in the state or federal courts located in Delaware.

14. SIGNATURES

By signing below, each party acknowledges that it has read, understood, and agreed to the terms of this Statement of Work.
